

Agri-food and Tourism

Promote and support employment and training in the Agri-food and Tourism sectors, building on world-leading skills and expertise already established within the region.

Objectives

- Create up to **380 jobs**
- Increase net additional **GVA of up to £281m**
- **Educate over 400 businesses** on decarbonisation, diversification and sustainable business models
- **Upskill up to 2,500 people/businesses**
- Provide up to **6,000 m² of floorspace** to help support business growth within the sector

Investment target

Growth Deal
£24.5m

Private Sector
£4.5m

Public Sector
£12.4m

£41.4m

Total

The projects

1. Glynllifon Rural Economy Hub

Lead Sponsor: Grŵp Llandrillo Menai

A distinctive, world class rural economy hub offering food-grade facilities and knowledge transfer services to enhance the food and drink sector.

2. Tourism Talent Network

Lead Sponsor: Grŵp Llandrillo Menai

Future-proof tourism and hospitality skills provision and increase the commercial benefits from one of the best established and fastest growing sectors in the region.

Digital Connectivity

Addressing connectivity challenges within the region, enhancing the capability to develop new technologies for the future ensuring that businesses and residents can benefit from fast, high-quality connectivity.

Objectives

- Create up to **380 jobs**
- Increase net additional **GVA of up to £158m**
- Provide **high speed connectivity** at key sites and across transport networks
- Deliver **future proof networks**, such as **full fibre** and **5G** in the region

Investment target

£37.4m

Total

The projects

1.Connected Campuses

Lead Sponsor: Ambition North Wales

Establishing network coverage at key commercial sites in the region, supporting businesses with valuable connectivity options.

2.Connected Key Sites and Corridors

Lead Sponsor: Ambition North Wales

Enhancing the reliability and quality of mobile services on the main roads and rail routes, enabling full-fibre services to key commercial sites across the region.

3.The Digital Signal Processing Centre

Lead Sponsor: Bangor University

Research and development of new technologies which improve how data is processed efficiently and reliably between devices and people.

4.The Last Few %

Lead Sponsor: Ambition North Wales

Providing a minimum 'superfast' (30Mbps) broadband to poorly connected communities across North Wales.

 Regional project

Innovation in High Value Manufacturing

Promote innovation and commercialisation of technology in the manufacturing industry, building on the existing strength of the sector within our region

Objectives

- Create up to **180 jobs**
- Generate **up to £114 million** net additional GVA
- Work with up to 55 partners to help **develop low carbon technologies** or waste reduction
- **Upskill up to 100 people** or businesses in the targeted technologies

Investment target

£39.4m

Total

The projects

1. Centre for Environmental Biotechnology

Lead Sponsor: Bangor University

Exploring the use of biological processes as low carbon alternatives to products and industrial manufacturing processes

2. Enterprise Engineering and Optics Centre

Lead Sponsor: Glyndŵr University

Delivering state-of-the-art facilities to explore optics, photonics and composite materials as a lightweight material alternative, reducing carbon within the sector.

Land and Property

Addressing land and property challenges within the region, to unlock opportunities and build on our strengths. The programme will develop sites to provide residential and employment premises. It will also maximise capacity at key transport links.

Objectives

- Create up to **2,280 jobs**
- Generate **up to £1.29 billion** net additional GVA
- Provide up to **20,000m²** in new employment premises
- Deliver **up to 1,000 new residential** development plots
- **Maximise key transport** links within the region

Investment target

Growth Deal	£79.1m
Private Sector	£274.4m
Public Sector	£1.9m

£355.4m

Total

The projects

1. Former North Wales Hospital, Denbigh

Lead Sponsor: Jones Bros Civil Engineering UK

Demolish, decontaminate and clean the site so that it's suitable for residential and employment premises in and around the listed former hospital.

2. Holyhead Gateway

Lead Sponsor: Stenaline

Enhance the port's capacity through land reclamation within the harbour.

3. Parc Bryn Cegin

Lead Sponsor: Ambition North Wales

Funding new build development land for new build low carbon employment premises.

4. Warren Hall, Broughton

Lead Sponsor: Ambition North Wales and the Welsh Government

Providing primary services such as power, highways, drainage, telecoms and water, and leveling the ground so that it's suitable for employment and business premises.

5. Western Gateway, Wrexham

Lead Sponsor: Ambition North Wales

Providing primary services, such as power, highways, drainage, telecoms and water for the development of employment premises.

Our project business cases are subject to independent Gateway Reviews by the Welsh Government Integrated Assurance Hub, at key decision points, in line with The GatewayTM Process.

Low Carbon Energy

Unlocking the benefits of developing low carbon energy projects within the region, positioning North Wales as a leading location for the low carbon energy sector.

Objectives

- Create up to **980 jobs**
- Increase net additional GVA **up to £530 million**
- Generate **at least 314MW** of electricity from low carbon energy in the region
- Enabling carbon savings of at least **2,723,000 tonnes**

Investment target

£666.5m

Total

The projects

1. Cydnerth (Morlais)

Lead Sponsor: Menter Môn

Connecting Morlais with the electricity grid system, enabling developers of tidal stream technology to deploy their devices in the zone.

2. Hydrogen Hub and Transport Decarbonisation

Lead Sponsor: Ambition North Wales

Supporting deployment of green hydrogen from low carbon energy sources to decarbonise regional transport network

3. Low Carbon Energy Centre of Excellence (Egni)

Lead Sponsor: Bangor University

Facilities to enhance the region's capabilities for low carbon energy research and innovation.

4. Smart Local Energy

Lead Sponsor: Ambition North Wales

Enabling renewable energy and decarbonisation solutions within our local communities.

5. Trawsfynydd

Lead Sponsor: Cwmni Eginio (Welsh Government)

Deploying Small Modular Reactor or Advanced Modular Reactor (SMR/AMR) to generate low carbon energy.

 Regional project

Our project business cases are subject to independent Gateway Reviews by the Welsh Government Integrated Assurance Hub, at key decision points, in line with The GatewayTM Process.
